

POLAR AIR TOOLS

6915 TIRE INFLATING GUN WITH CLAMPING NIPPLE

ITEM NO. 6915-0001 5704196 029870 350 G 1

- Material: Acetal plastic and stainless steel.

TECHNICAL DATA:

Hose length: 0,5 mtr. with clamping nipple Ø 63
 Gauge: 0-12 Bar / 0-174 psi (class 1,6, EN 837-1)
 Air inlet: 1/4"

6909 GREASE GUN / LUBRICATION GREASE

- Recommended for mechanical and air tool maintenance.
- Working temperature: -20° C ~ 180°C.

ITEM NO.		PRODUCT DESCRIPTION	G	
6909-0001	5704196+	Grease gun with lubrication grease	222	1
6909-0002	031705	Grease gun	82	1
6909-0003	031712	Lubrication grease (100 g)	112	1

6920 BLOWGUN WITH Ø 8 MM BENT PIPE

ITEM NO. 6920-0001 5704196 029887 106 G 20

- Supplied with air-escape valve and hose.

TECHNICAL DATA:

Air consumption: 380 L/min. (8 bar)
 Air pressure: Max 16 bar
 Air inlet: 1/4"

6910 A AIRTOOL OIL

- Reliable protection.
- Mist lubrication applications.
- Specifications and approvals: ISO 6743-11, Types PAC and PBC.

ITEM NO.		SIZE ML	G	
6910-0010	5704196+	100	98	1
6910-0100	021997	1000	888	9

6921 BLOWGUN WITH Ø 8 x 500 MM STRAIGHT PIPE

ITEM NO. 6921-0001 5704196 029894 127 G 20

- Material: Acetal plastic and stainless steel.

TECHNICAL DATA:

Air consumption: 380 L/min. (8 bar)
 Air pressure: Max 16 bar
 Air inlet: 1/4"

6910 1/4" MINI OILER

- Provides automatic lubrication of pneumatic air tools.
