

TOOL ASSORTMENTS

POLAR Modular tool tray system ensures your tools to be in the right place. The POLAR inlays are made of durable material and protected by a plastic tray, in order to withstand intense use. All tools are carefully arranged and always securely held in the same place.

The two-colored foam inlay provides an optimal overview and control of missing tools, to assure that your tools are always in the right place, which gives you increased productivity and saves time.

• Chemical resistant.

• Two color foam.

• Plastic tray for extra protection.

• Tool description and size.

• EVA foam.
